

Maryland Fire and Rescue Institute University of Maryland

Presents

Homemade Explosives: Awareness, Recognition, and Response (HME)

- Date:** March 30, 2019
- Time:** 8:00 a.m. – 5:00 p.m.
- Location:** Maryland Fire and Rescue Institute
Upper Eastern Shore Regional Training Center
601 Safety Drive
Centreville, MD 21617
(410) 758-2112
- Presentation:** The HME course provides first responders with information on general explosive characteristics and hazards, homemade explosive precursor materials, homemade explosive manufacturing indicators, and Improvised Explosive Devices (IED) components. Additionally, the course teaches first responders how to identify a homemade explosive laboratory and how to establish scene safety and security in such an incident. First responders are also presented information regarding community awareness and education programs related to homemade explosives. This information better prepares first responders to recognize hazards associated with homemade explosives during response operations.
- Audience:** Emergency management, Emergency medical services, Fire service, and Law enforcement.
- Registration:** Advanced registration closes March 10, 2019. Registration is open to all interested persons, but will be limited to 90 students. Maryland residents receive priority seating. There is a \$50-a-day fee for out-of-state participants. Register on-line at www.mfri.org/seminars. For special accommodations, questions or a need to cancel, please email seminars@mfri.org or call 301-226-9971 (1-800-275-6374, extension 69971).
