The foundation of Maryland Fire and Rescue Institute’s programs is rooted in integrity. It is critical that all Institute training and education programs be conducted in full compliance with established curriculum, policies and procedures. It is the responsibility of all representatives of the Maryland Fire and Rescue Institute to actively deter academic dishonesty. Apathy or acceptance in the presence of academic dishonesty is not a neutral act. All members of the Institute – students, faculty, staff, instructors, and proctors – share the responsibility of ensuring academic integrity and challenging and making known acts of apparent academic dishonesty.

All students, faculty, staff, instructors, and proctors in a position to work with examination materials will sign a statement indicating understanding of, and compliance with, the Institute Academic Integrity Policy. All students will sign the statement at the start of each class. MFRI field instructors will indicate acceptance of the Policy as part of the instructor agreement at the beginning of employment and every three years while employed by the Institute. Proctors will sign a statement indicating acceptance of the Policy each time exams are received.
